We have heard that many students’ summer plans have been cancelled as a result of the pandemic. The CJL would like to help. Thanks to our thoughtful parent and alumni community, led by Dina Brewer ’88 P21 P21 P24 and Kim Shafer P21, we would like to present the CJL Summer Internship Matching Program 2020. The idea is that we will try to find meaningful 2-week remote internship opportunities in various fields that align with student interest. We have a robust parent and alumni network, and some of them are willing to offer internship opportunities this summer.

In less than a week, 54 students have responded to our survey expressing their interests and sharing their resumes. The response has been even more than we expected. How can you help? We are asking you to reach out to your networks of Princeton alumni and others in the following fields: education, finance, government, non-profit, Covid 19 related, arts, technology, healthcare, publishing and startups - to generate internships for our CJL students in need. This can entail 2-week projects (unpaid or paid) as well as longer paid internships if available. We will provide you with information on the students' backgrounds and their CVs so matches can be facilitated.

If you are able to help with this initiative, please contact my Executive Assistant Orly at ochesney@princeton.edu. Thank you for your support of the CJL community.

Two recent Yom Hashoah programs organized by CJL Board members, Amichai Feit '22, VP of Vision and Avi Siegal '22, Education Chair drew huge audiences and accolades. During a 24-hour period, 37 students and 3 staff members read the names of those who perished in the Holocaust. The live reading broadcast on both Facebook and the CJL website drew over 2500 views and reached over 10,000 people.

In addition, nearly 100 students, parents, alumni and friends had the privilege to hear Holocaust educator and survivor, Zsuzsanna Osvath recount the story of how her family was saved by the family's babysitter. LISTEN TO RECORDED PROGRAM HERE
